Dear Sir,

Greetings from EmployabilityBridge, the Exclusive Hiring Partners for **Anand Group of Companies!!!** Anand group recruit's OE/OE trainees, it is a permanent employment rather than an apprentice placement where the longevity of their job will be maximum for a year. The Operating Engineer (OE) can grow along with the company, Anand group supports, and grooms the candidate to become an Engineer from OE.

Currently we have **250+ Operating Engineer(OE) Positions including 100+ Women Operating Engineer (OE)** openings for **2021 passed out Diploma Candidates** across Anand group plants

(Mahle Filter, Mahle Thermal Systems, Gabriel, Spicer) at different plant locations across India - Chennai, Hosur, Jodali (Karnataka), Pune, Noida, Gurgaon, Parwanoo, Salara etc.

We are the only authorized recruitment partner for Anand group of companies and attached is the authorization letter from Anand group. We don't charge any registration or placement fee neither from Institutions nor from the candidates. We hereby also confirm that we will be using students data in our online portal only for providing job opportunities to your students without any charges. We will protect the privacy of all the candidates.

In this regard, request you to share your 2021 & 2022 batch diploma batch candidates database (all branches except packaging & Civil technology)to us and we will reach out to them and have them go through our recruitment process.

Also attached with this email is the detailed anand group corporate presentation which provides details about the various anand group companies, company policy for Operating Engineer recruitment and career progression etc. Also attached is the job opportunity details including salary, benefits, job role etc.

In addition to sharing your candidates database (2021 batch) , request you to share the following details to all your 2021 batch candidates through email/whatsapp and ask them to participate in the **Anand Group Contactless hiring process as summarized below.**
